the colour pink
and daydreaming.

But most of all...

Every year, there are
vulnerable children
needing a stable,
caring home through
adoption. Some wait
longer than others.

We want to help
change that.
Could you?

Ofsted Outstanding since 2008

Every year, there are vulnerable children needing a stable, caring home through adoption. Some wait longer than others.

We want to help change that. Could you?

Adoption Matters is a Christian organisation with a long history of association with the Anglican Church. We know that faith communities are uniquely placed to offer their help to children who need adoptive families, both in terms of finding families to adopt and providing the warm, loving community of support to wrap around those who do.

To adopt you can be single, married, divorced, in a same sex relationship, working or retired. What matters most is your commitment to offer a child a loving, stable home.

Why Adoption Matters?

As an independent children's charity and approved voluntary adoption agency, we work with local authorities across the whole of the UK. That means a wider pool of children for you to consider. Adoption is all we do, and we have been doing it since 1947. We have a team of experienced adoption practitioners whose aim and focus is you, our adopters. We ensure we find the **right adopter, for the right child**. We are the only independent adoption agency in the North of England to be rated 'Outstanding' by Ofsted 4 times in a row since 2008.

The real question is, why would you choose to adopt with anyone else?

Please help by sharing this leaflet with relatives, friends or neighbours who you think could make a difference.
